Through the halls of Struthers High School

Loud our praises ring,

For to this, our Alma Mater,

Always we will sing.

Here's to Struthers,

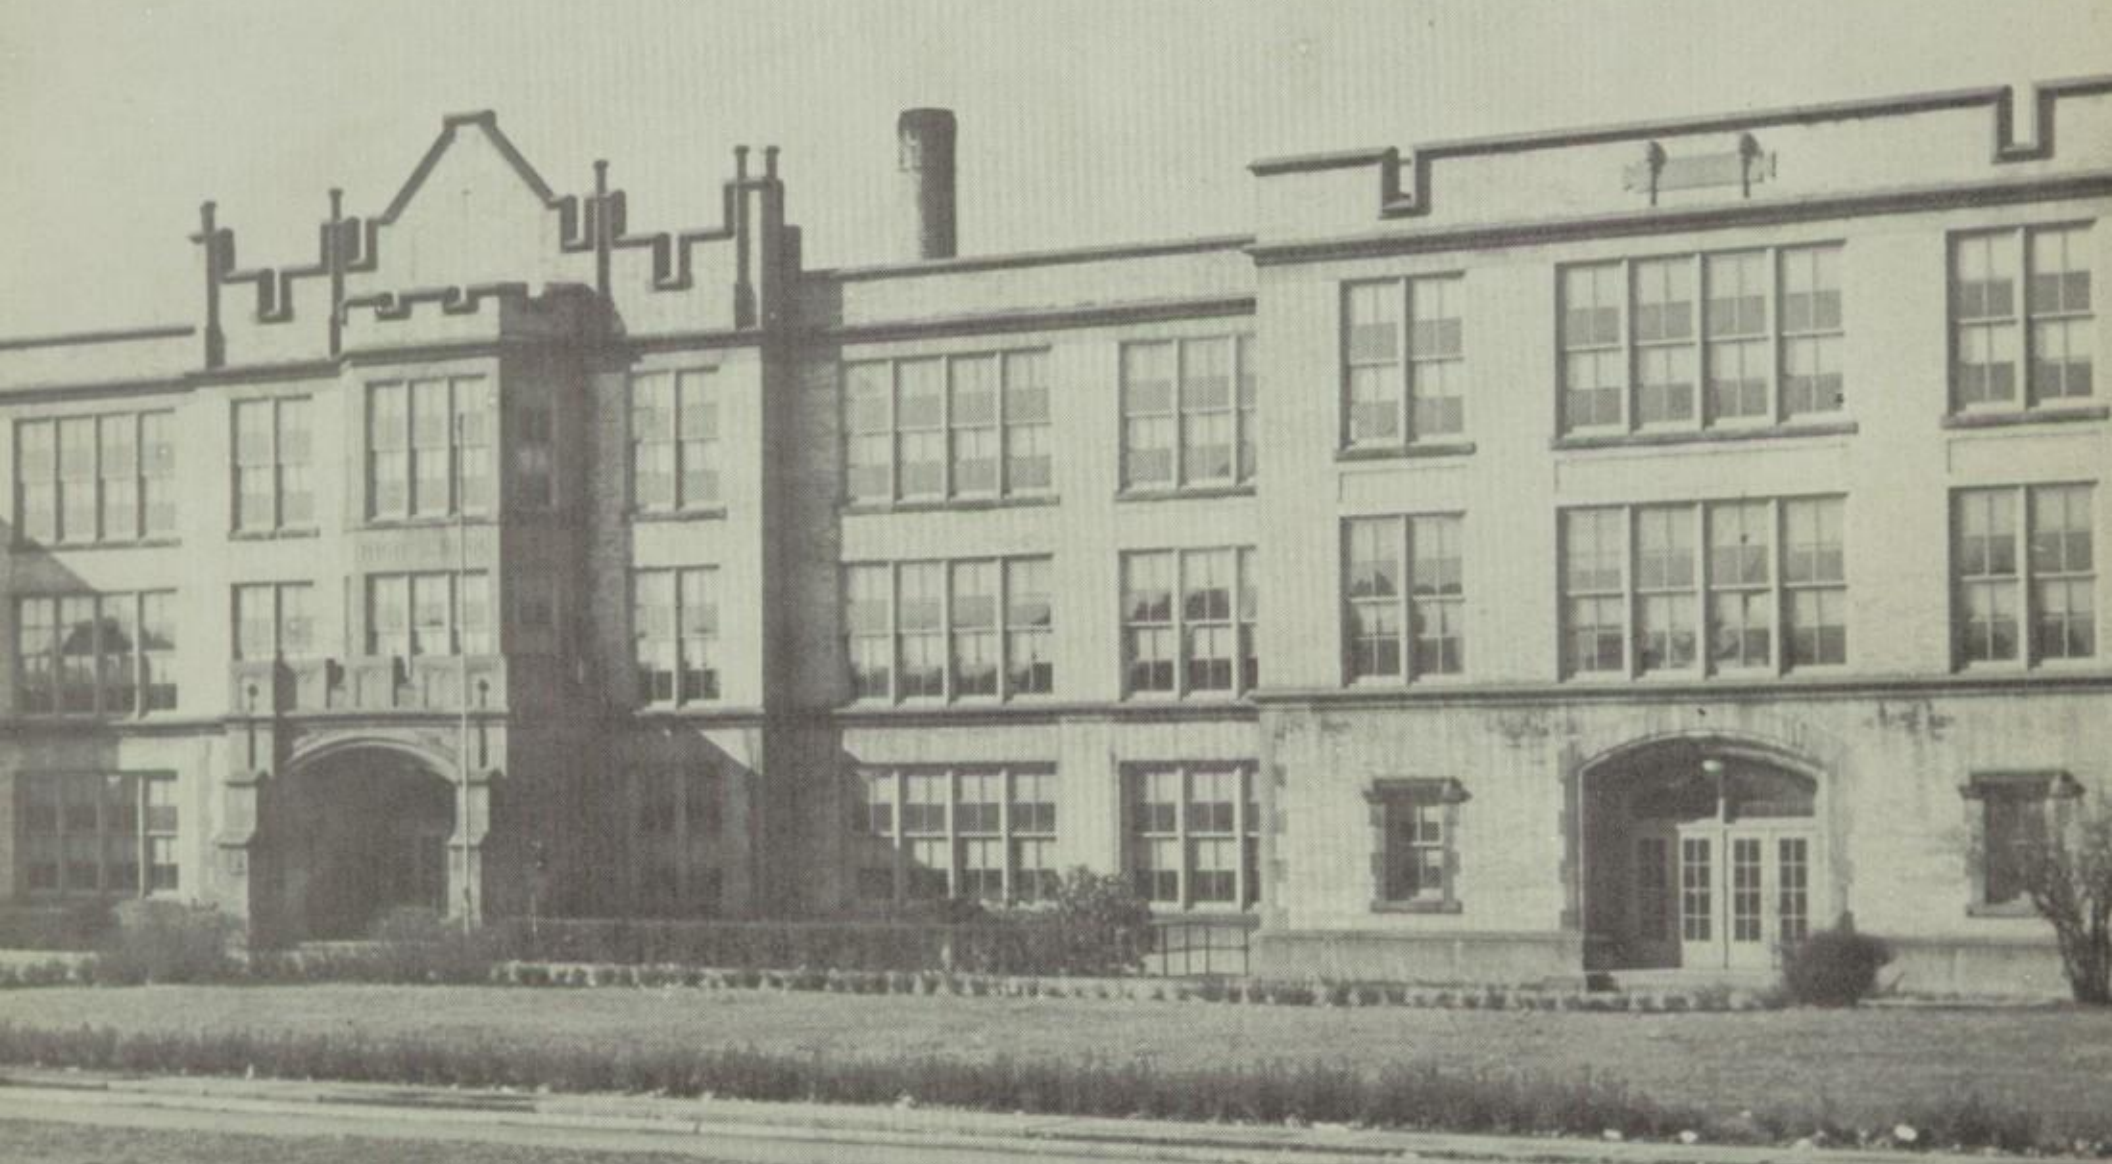
Hail to thee,

Now we pledge our loyalty;

And we trust

We'll ne'er forget you,

True to you we'll be.



Autographs

Do you know what she is dreaming about? It's obvious, isn't it? She is thinking about her high school days, all the fun she has had. These are the wonderful years, the best years of our life. That is why we have chosen "The Best Years of Our Lives" for our theme. When you have grown older, and you are looking again at your yearbook, we hope it symbolizes the friendships and happiness you found while you were here.

Administration

During the years we have spent in Struthers High, we have always had dependable, qualified people serving on our administrative staff.

The members of the board of education, who are elected by the school district voters, serve a term of four years. They are responsible for the entire school program which includes hiring of teachers, school expenditures, and school repairs and improvements.

Our superintendent, Mr. O. J. Gabriel, who has been with the Struthers School system for 27 years, has proved himself an efficient and untiring administrator. Under his splendid leadership, the schools have made remarkable progress.

Mr. Francis Gant, who is now serving his second year here as principal, has proved himself during his short stay to be a grand counselor and friend.

Mr. Wayne R. Grinnen, has been assistant principal for four years. For 17 years previously he was a mathematics teacher here. He assists Mr. Gant in the supervision of the high school.

The dean of girls, Miss Alice Faust, counsels the girls in their various activities, and teaches physical education.

Miss Mary Ina Cooper, secretary to Mr. Gabriel, and Miss Ruth Drake, secretary to Mr. Gant and a 1953 graduate, are always busy with a great amount of work that goes through their offices.

Anyone who is ill during school hours can always go to the nurse, Mrs. Marjorie Myers, for aid. She is here every morning except Monday.

These people, who are all successful in their profession, are fine examples for "The Most Likely to Succeed Seniors", pictured on the opposite page.

Faculty

Faculty members do a wonderful job. They devote a lot of their time to the youth of Struthers and to making our school years wonderful years.

New teachers always find a friendly welcome at Struthers High. The students, as well as the administration and the rest of the faculty, are always willing to co-operate.

Besides teaching us their subjects, many of the teachers have taken the added responsibility of sponsoring various clubs and activities. Without these sponsors, our clubs could not possibly function properly. Although they stay in the background, the teachers are actually the backbone of the clubs. They are never too busy to help us in any way they can.

Time, patience, and study have enabled these friends of ours to become educators. They set a good example for our "Most Studious Seniors' on the opposite page.

Seniors

High School days are the best years of our life. To some this may sound sentimental, but to most of us it is the truth. Where else but at football games, in the halls, and at our proms, can we be so carefree?

When we have been graduated, we will be no longer sheltered as before. We will be ready to take our place as citizens of our great country.

How many of us, when looking back, will be able to say we spent our time wisely? How many of us will have got the most there was to offer in school, in studies, activities, and friendship?

We will always treasure the friends we made and the memory of things we have done. Whether we go on to bigger things and grow famous, or just become plain ordinary people, we will always remember Struthers High.

Since friendships mean so much, "The Most Popular Seniors" on the opposite page will long be remembered.

Class History

Do you remember our first day of high school? Well, really we were only eighth graders, but we felt that we had "arrived" in the world. It took us quite a while to adjust to the changing of classes and going to the different floors, but we found that is was just another step in our stage of "growing-up." We played records in the old gym for our class dance. For many of us, it was our first "real" dance and it will long be remembered. We also had a skating party at Kelley's Park and asked Mr. Repasky to be our sponsor for the evening. True, we might have arrived home that night with some newly acquired bumps, but we all loved every minute of it.

Then, came the big day when we received our title as "freshmen." As the saying goes, we may have been a little "green", but we knew a little more than we did the year before. As our class officers, we elected Don Dixon, president, Barbara Douglas, vice-president, and Beverly Douglas, secretary-treasurer. We'll all remember Miss McQuilkin as our first class sponsor. We held our freshman class dance which was not too well attended, but was still a high-light of our high school days. Toward the end of the year, we gave a skating party at Kelly's Park. The customary class picnic took place in Mill Creek Park as our last activity as freshmen.

Although we have been around for two years, we can still remember our excitement of being paged as "sophomores." We were no longer the subject of teasing, but now we joined in the teasing of the "freshmen" ourselves. As our class president, we again elected Don Dixon, with Mickey Wilkos and Marlene Loyen to assist him. We held our first really successful dance, called the "Hobo Hobble." The reason for the success was that everyone was donned up in his or her favorite attire of blue jeans and flannel shirts. We ended our year with a skating party and a class picnic.

In our junior year we really began to get the ball rolling. During the football season, we loyally sold programs to add to our budget for the Junior-Senior Prom. The fact that we had supported and planned such a memorable prom, gave us all the feeling of deep satisfaction of a job well-done. For the third time, we elected Don Dixon as our class president. Barbara Douglas was our vice- president with Marlene Loyen our secretary-treasurer. Mrs. Stevens and Mr. Mackin were our class sponsors. They added that extra "touch" to a year which was already pleasant memories. As our class dance we had "Cupid's Swing", which was a huge success.

But now, we have reached the top of the long flight of steps. Each step in succession has been leading to our big moment as seniors. The first Homecoming Queen was crowned during our senior year. One of our own senior girls was chosen; you all know her well, Barbara Douglas. We worked at the concession during the football season for our senior banquet. This year, we chose Lou Jannetto as president, Alice Eck vice-president, and Ann Pavlicko secretary-treasurer. Miss O'Neill and Mr. Hague were our sponsors, who did everything in their power to make this our best year. Our class dance "Corn Husk Capers" was another huge success. We attended the Ice Follies as another big event of our senior year. We felt very honored to walk down the assmebly aisles in our white blouses. This, we will always remember. We have finally reached our coveted position, which we do proudly call, SENIORS.

Underclassmen

The underclassmen are the students in which the future of our school depends. Next fall the present junior class, will be seniors and will provide the leadership in our major school activities. They will realize, as we do now, that school is the best years of our lives.

The sophomores, are the ones, who really are beginning to appreciate school and its activities. They realize now how much studying you need to do for school. Studying now, the sophomores can always say life is easier when one studies, then when one loafs.

The freshman having just decided what course to take are still a little puzzled about school. They appreciate the understanding of the upperclassmen and are getting good advice from our teachers.

The grade schools have sent us some junior high students who are beginning to understand why Struthers High has schedules, class-changing, different teachers, monitors, and too many confused rooms.

All of the underclassmen of Struthers High look up to the seniors and appreciate friendliness. We have selected "Most Courteous Seniors" and pictured them on the opposite page.

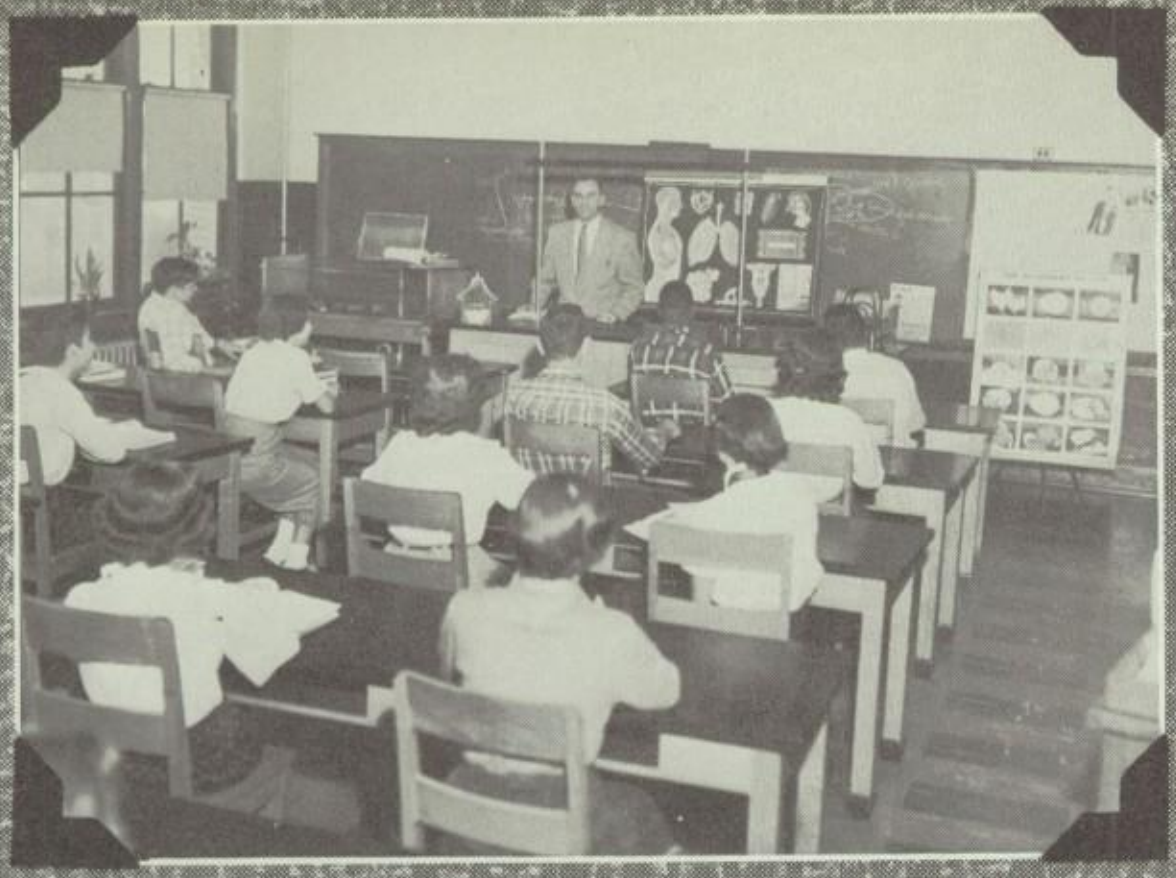
Driver Training

Drivers Training is a useful course in which the students learn how to drive and the important parts of the car. Good sportsmanship on the highways is one of the important objectives of the Drivers Training Class. A state highway patrolman tests the students for their license at the end of the eighteen-week course. This group in under the supervision of Mr. Arleigh Westerbeck.

Familiar Places

Art Class

The first things to be learned in Art Class are perspective drawing and sketching. Then the students progress to chalk and charcoal drawing. In advanced classes they centralize in water colors and oils. During the year the students are kept busy painting signs for different activities and social functions around the school. This is good training for students who are interested in art as a career. Many go on to successful business in art from these classes.



Biology

Biology students learn the parts of animals and their functions. They actually see, in disection, the organs and tissues of frogs, grasshoppers, cray fish, and earthworms. They also learn about the digestive, circulative, nervous, and endocrine system of the human body. Many movies are shown to illustrate in order that the student might understand biology more fully.

At S.H.S.

Library

Approximately 300 fiction and non-fiction books and five new magazines were added to the library this year. The library is a big help to students in getting books for book reports, reference books, or just to read for entertainment. Mrs. Elsie Shaw, the school librarian, has 19 girls assisting her. Any student may go to the library whenever he has a free period.

Familiar Places, cont'd.

Office Practice

The office practice room is not only used by bookkeeping, shorthand, business organization and office practice students, but by any student who has to use the adding, typing or stencil machines. Most announcement programs, ditto copy, and mimeograph copy are printed in this room.

Woodshop

In these classes, the boys that are planning to be future carpenters, learn the process of making many useful household articles. The modern machinery and facilities make their work more interesting, practical, and professional. They also learn how to use this machinery properly and safely.

Home Economics

The Home Economics Class includes cooking and sewing. The girls learn how to prepare and serve nutritious and appetizing meals and use a pattern and sewing machine.

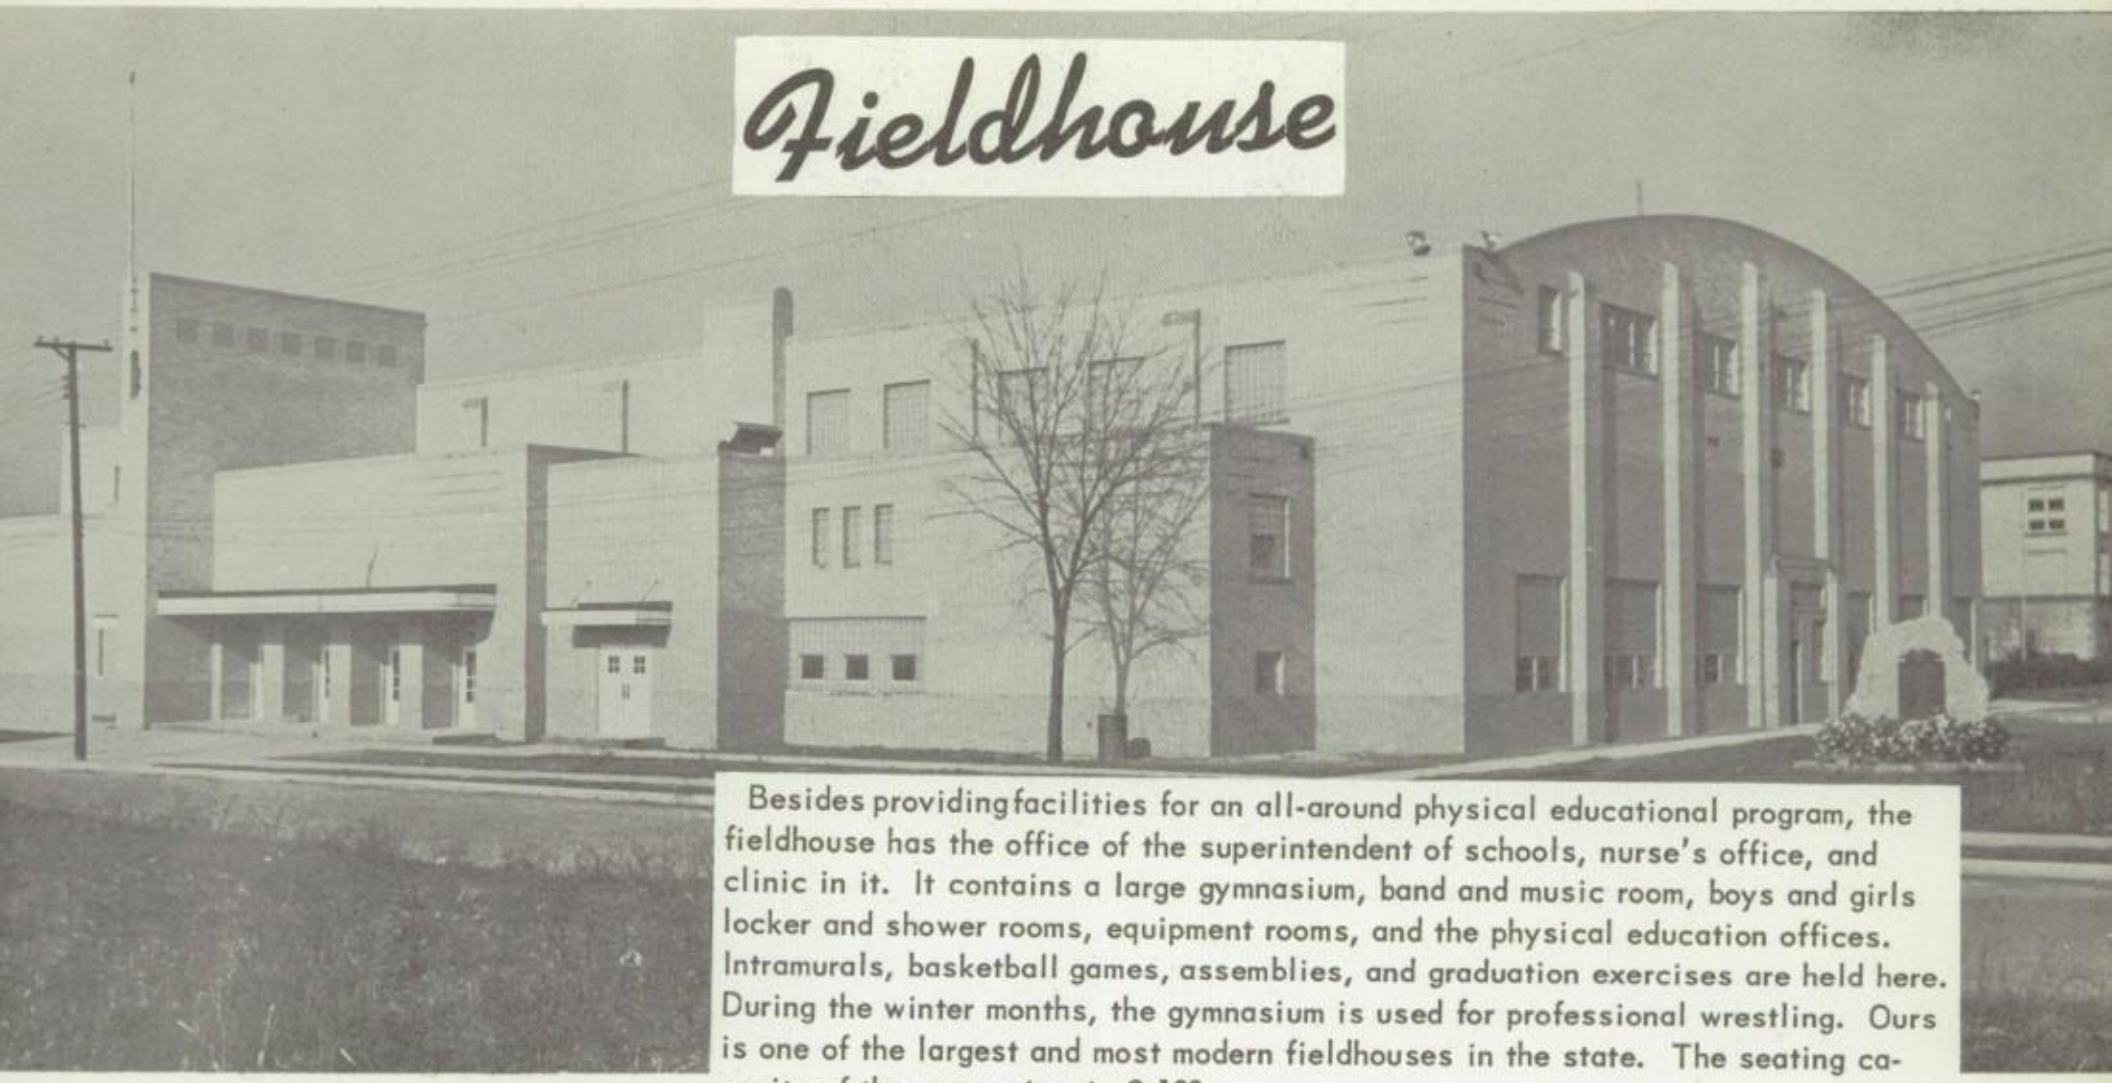
Cafeteria Crew

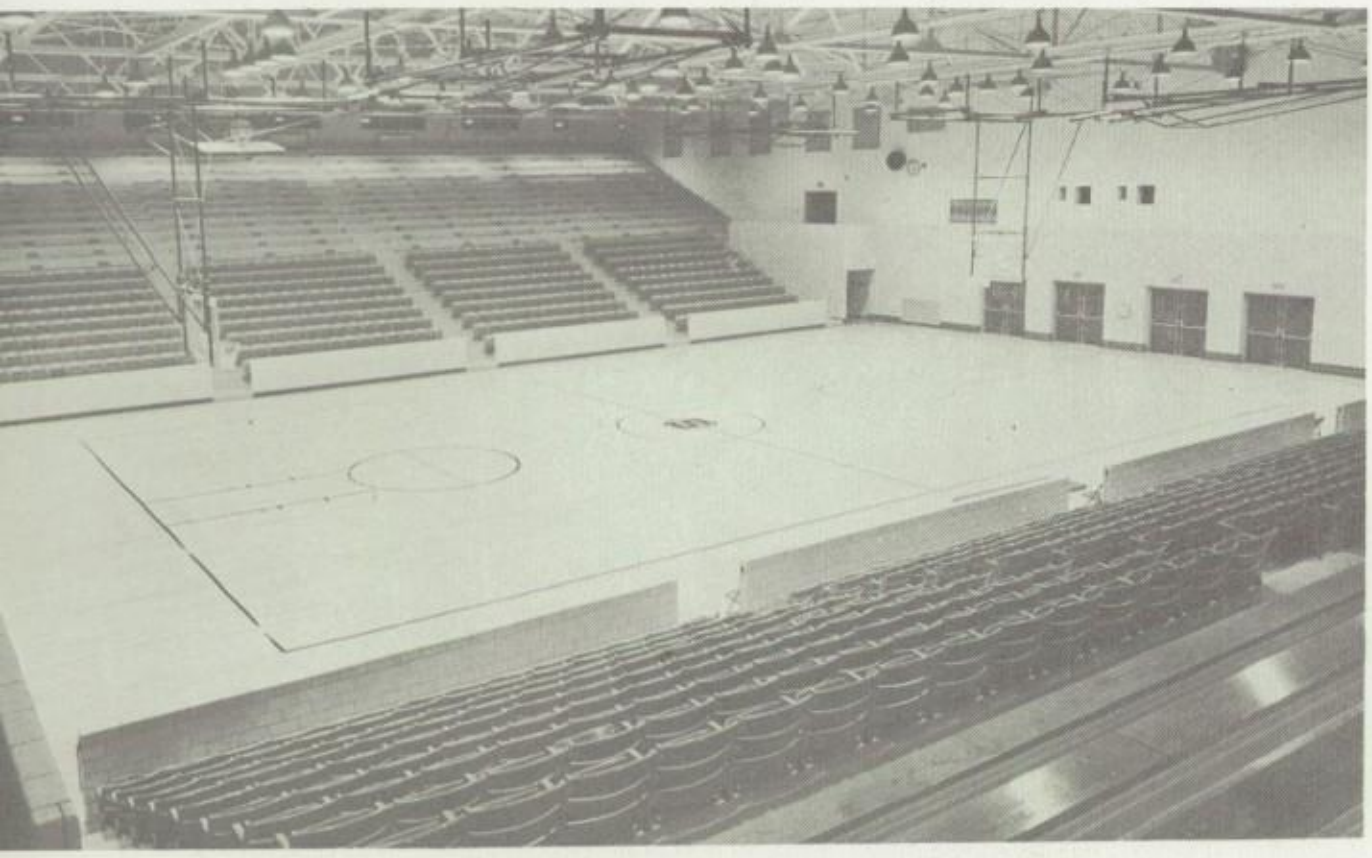
Jackie Roland, Mrs. Helen Everett, Mrs. Lola Hoop, Manager, Mrs. Ann Kubico, Shirley Pavlov.

Our school cafeteria plans a well balanced menu. There are three women on the cafeteria staff, with two students who help at noon. The cafeteria is a light, airy, and a pleasant place to eat. Kitchen equipment includes a very large refrigerator, a deep freezer, and a dish washer. The cafeteria and kitchen are kept sparkling clean.

Fieldhouse



Besides providing facilities for an all-around physical educational program, the fieldhouse has the office of the superintendent of schools, nurse's office, and clinic in it. It contains a large gymnasium, band and music room, boys and girls locker and shower rooms, equipment rooms, and the physical education offices. Intramurals, basketball games, assemblies, and graduation exercises are held here. During the winter months, the gymnasium is used for professional wrestling. Ours is one of the largest and most modern fieldhouses in the state. The seating capacity of the gymnasium is 3,100.



Every boy in school is required to take gym, unless he has a permit from a doctor excusing him. In these classes the boys learn the proper method of playing soccer, volley ball, boxing, wrestling, and other sports. Besides learning to play, they learn good sportsmanship and how to get along with others.

The girls' gym classes are conducted in the afternoon. They have such games as volleyball, basketball, badmitton, soccer, archery, and baseball. They also form teams and compete in intramurals.

Activities

As we keep remembering "The Best Years of Our Lives," we will always remember the clubs and activities of Struthers High. Some of the activities were serious; but yet if it were not for some, school just would not be the school it is.

The most important of the clubs is National Honor Society, the next in line is Student Council. The two service clubs are Fidelis and Ductorians. Thespians and Dramatics clubs are the ones which produce the plays for the school. The girls' clubs, Junior Y- Teens and Senior Y-Teens aim to teach young ladies how to work co-operatively. G.A.A. is known for its fine sports opportunites for the girls. The Band, which gives us great inspiration for the football games, Glee Clubs, Chorus, and Orchestra provide the best years of our lives with music.

The two seniors most active in school clubs and organizations are pictured on the opposite page.

National Honor Society

The National Honor Society is composed of juniors and seniors who rank high in the four qualities of character, leadership, scholarship, and service. The members are chosen on the basis of these four chara cteristics by the student body and the teachers.

The National Honor Society is a nationwide organization. To be chosen a member of this group is the highest honor one can receive in school. The National Honor Society sponsors the Christmas assembly and decorates the tree placed in the lobby each year.

HI-Y

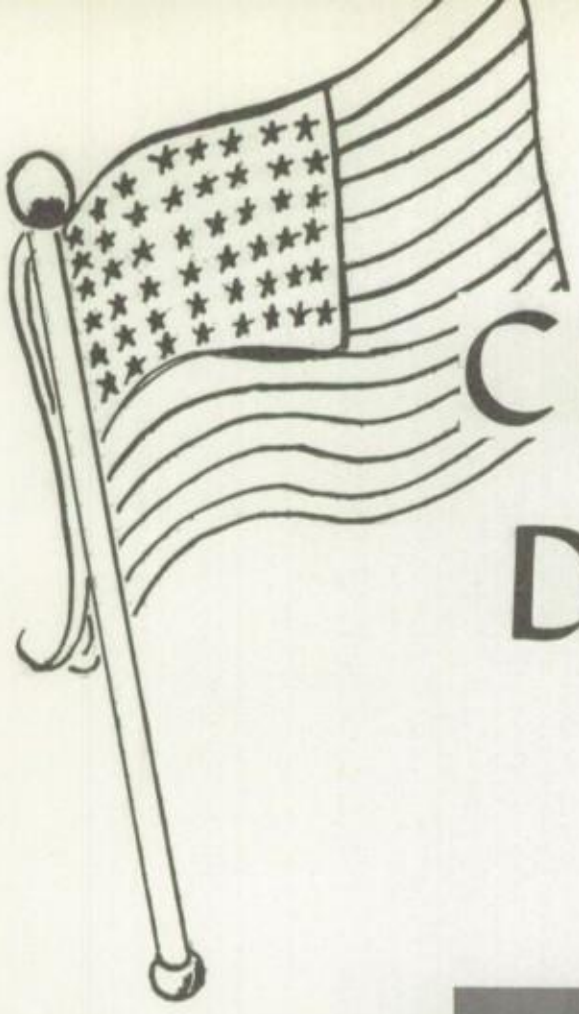
The Hi-Y Boys are juniors and seniors who can meet the requirement of the Ductorian Hi-Y Club. This group is the oldest organization in the school and their chief interest is in school projects. Their motto is "Service first for S. H. S.," and they also take charge of the city and the offices on Hi-Y Day.

STEPHEN J. GRCEVICH

Mr. Stephen Grcevich, who was chosen as sponsor of the Ductorian Hi-Y club, has made remarkable progress with the boys. The boys undertook to help the Fidelis girls in their school service project of washing the walls. They also took part in Civic Day, March 2.

The emblem of the club stands for the following purpose: "To create maintain, and extend throughout the school and community highest standards of christian character. When it is used in a formal initiation service, four candles a red, black, yellow, and white one--are lit for the four races to show brotherhood.

"...TO CREATE,
MAINTAIN AND EXTEND
THROUGH-OUT THE SCHOOL
AND COMMUNITY
HIGH STANDARDS
OF CHRISTIAN CHARACTER."



CIVIC DAY

Annual Civic Day, was March 2. All senior Hi-Y boys took part in it, and were voted into their various positions. The purpose of Civic Day is to acquaint the future leaders of our town with the positions some of them will someday hold. They learn the jobs to be done and it trains them to be better citizens. They spent the morning at their various posts, ate lunch at the YMCA and attended meetings there in the afternoon.

Mayor Harold Milligan and "Mayor" Don Dixon. Don made the rounds with the Mayor all day long.

Dave Stricklin and Mr. Francis Gant. Dave was our principal for the day.

Fred Trucksis and Mr. O. J. Gabriel. As Superintendent of Schools, Fred made a trip to the grade schools with Mr. Gabriel.

Fred Vidman, as president of the Board of Education, presided over a meeting of the board members.

Ernie Schmid, Chief of Police, made his rounds in a squad car.

Fidelis

The Fidelis girls, under the sponsorship of Miss Mary Boylan, are juniors and seniors who are chosen for membership on the basis of their grades and personality. The work of these girls is an inspiration to all girls to raise their grades to make their eligibility to the club possible. They have helped needy families and have participated in many of the school activities.

Thespians

The Thespians, under the direction of Miss Lotta Veasey, is composed of students from all grades who are interested in dramatics. The Thespians Club is sometimes called the National Honor Society for dramatics. One may receive a certain number of points by taking part in plays or by working behind the scenes of a production. When a candidate has ten points, he is eligible to become a Thespian. Each year an outstanding Thespian is given the title of "Best Thespian."

Lotta Veasy

Science Club

The Science Club, sponsored by Mr. Robert Ameduri, was formed in 1950. Students who are majoring in science are the only ones eligible for membership. The purpose of the club is to acquaint the students better with the wonders of the scientific world. To be eligible for membership, one must have a B average in science.

Lab Assistants

To be a lab assistant you have to take Chemistry and Physics. These students give up their study halls to assist Mr. Robert Ameduri in his class experiments and in keeping the equipment room neat and orderly. They mix reagents for chemical experiments and do the research work on difficult chemical and physics problems.

MR. VINCENT G. SIMON

Band

You can see the band at all the football games, pep assemblies and other functions. It is one of the largest in the district consisting of 85 pieces and is under the direction of Mr. Vincent Simon. The band sponsors tag day each year to help pay for its uniforms and instruments. It also has a minstrel show and presents a program to the grade schools in the spring. This year it marched in the sesquicentennial parade.

Mascot

Majorettes

Left to right: Barbara Byo, Grace Graveno, Beverly Douglas, Barbara Douglas, Joan Check, Phyllis McPhee.

With new uniforms this year, the majorettes' performances add a touch of color and gaiety to the band. They have proved to be very proficient in their baton twirling and dance routines. This enabled them to appear on a local television program last fall.

Drum Majorette

We're the band from Struthers High
You've heard so much about-----
The people always look at us
Whenever we go out!

We're noted for our liveliness,
And clever things we do,
And also for the cheery way
We carry manuvers through!

Hey!

As we go marching,
As the band begins to P-L-A-Y,
You can hear them shouting
The band from Struthers High is on its way.

Color Guards

The color guards carry the American, Struthers High School, and band flags at the football games. At half time, they are very clever in their baton twirling routines.

Left to right: Gail Ramm, Pat Crittenden, Mary Catherine Dunn.

'53 Homecoming

The first annual homecoming of Struthers turned out to be a big success. Five thousand fans witnessed the Wildcats beat the Wilson Presidents 33-13 and the crowning of the homecoming queen, Barbara Douglas, a senior who was chosen by the student body. Her four attendants were Patty Kaminsky, Phyllis McPhee, Bernie Heckert, and Kathy Meehan. The matron attendant, Mrs. Nadyne Herrick, crowned Barbara with a beautiful crown of yellow mums. Mr. Victor Mauer was master of ceremonies for the evening.

The theme of the Junior Senior Prom, which was held in the Struthers High School Gymnasium was "Stardust." Tom Zimmerman and his Ohioans furnished the music.

Chaperones

The sparkling eyes, the swirling dress
The music set aglow
With soft lights, making only mist
Of boys and girls we know.
Our last dance here, together,
With friends we've grown to love,
And fun that's swept the sorrow
From our path, with silken glove.
This tribute to our Seniors
Who stand not here for aye,
May God protect and watch you
On your merry roving way.

Debate

First row, left to right: Edward Lauman, Ted Macejko, Frank Fire, Ronald Baron. Second row, left to right: Jim Swander, Bonnie Reed, Miss Lotta Veasy, sponsor; Virginia Sumner, Barbara McGee.

Debate

Students in debate this year have taken part in the Prince of Peace Declamation Contest. They are members of the High School Speech League and the National Forensic League. Both the debate team and the National Forensic League are under the direction of Miss Lotta Veasy. Debate students are those who have taken public speaking and are experienced in it. Members of the debate squad must participate in enough debates throughout the year to gain points for membership in the National Forensic League which is the goal of the debate society.

Bus Driver

Jack Beale

The bus drivers make it convenient for the students to get to school safely. Rain, snow, sleet, or hail, they can be depended upon.

Janitors

Left to Right: Mr. Jesse Ashbaugh, Mrs. Elizabeth Hurajt, Mr. Steve Wise and Mrs. Anna Evan.

Joe Finocchio

Though they are seldom seen or thought of, these janitors are of much value to the school through their efforts to keep it clean. They work after school to get the school in order for the next day and see that it is properly heated and lighted. They keep the fieldhouse in neat shape and are always willing to help any student.

First row, left to right: Joe Dodson, Richard Gavalier, Bill Johns, Douglass Jessey
Second row: Don Ginnitti John Gugliotti, Tom Unick, John Berletchick, Cecil Almasy, Tom Czarnecki,

Stage Crew

These boys, directed by Mr. William Mackin, operate the lights, public address system, and set up the scenery equipment for our plays. They also run the projector and take care of films for all movies shown in the school.

Career

Alice Faust, Joseph Barolak.

The main purpose of Career Day was to give our student body a good idea of what one must do to be successful in the various occupations.

After a general assembly program at which Mrs. Mary Drucker, Assistant Guidance Director of the State Department of Education spoke, the student body was divided into groups so the members could hear specialists in whatever occupation they were interested in.

Miss Alice Faust and Mr. Joseph Barolak were in charge of the Career Day program.

Mr. O. G. Robertson, the Republic Steel Corporation, spoke to boys inclined industrially.

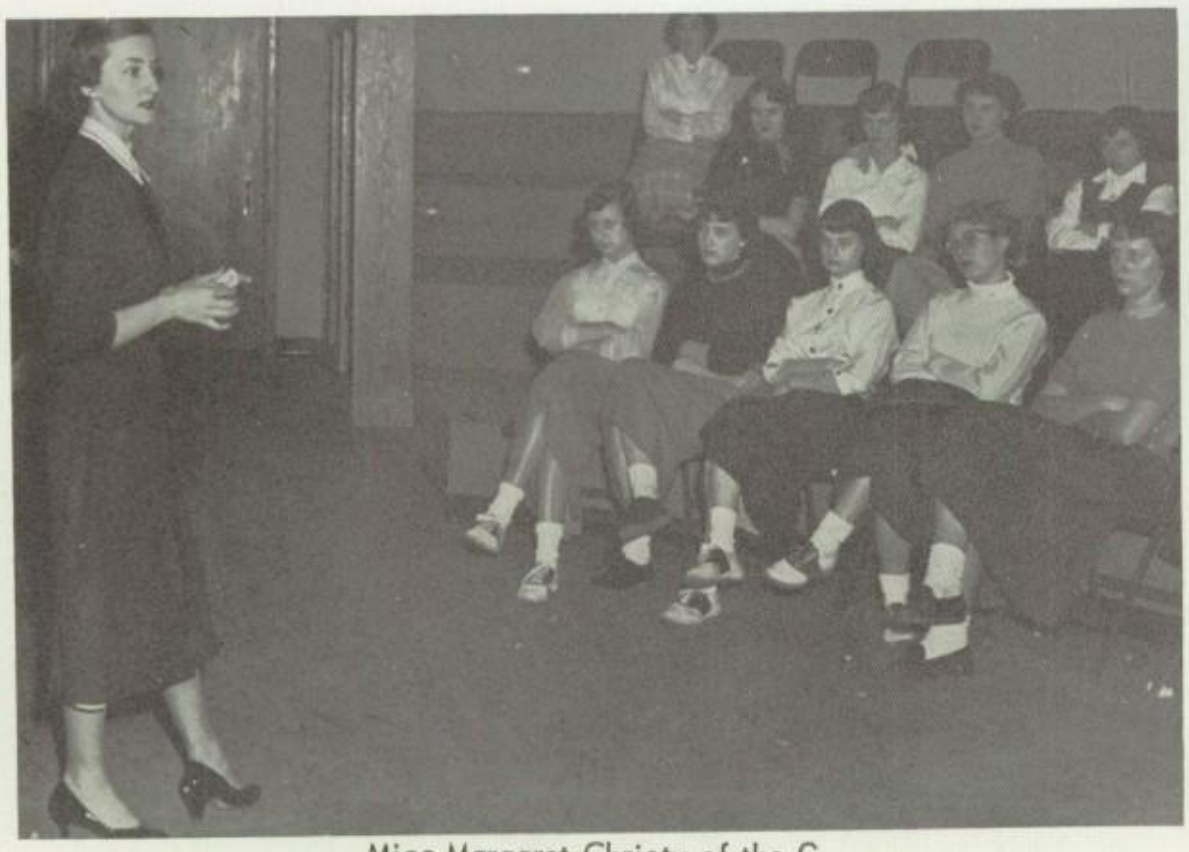
Mr. James Pierrie, a Youngstown College librarian, spoke on library work.

Mr. M. F. Heates of the Youngstown Sheet and Tube Company spoke on skilled labor.

Mr. Adrian Slifka of the Youngstown Vindicator spoke on Journalism.

Day

Miss Joy Gettis, Capital Air Lines, talked to girls wanting to become air line hostesses.



Miss Margaret Christy of the G. M. McKelvey Company spoke on modeling.

Sports

Some of the best years of our lives are spent participating in the sports that we love. And Struthers High is proud of the boys and girls who have lent their talents so admirable to the cause of their alma mater.

Struthers High is also proud that it's a school of sports. Whether it be football, baseball, basketball, track, or any one of the many individual sports, we feel that the rest of the school is behind them all the way.

School spirit is always one of the main essentials of a champion team. Without support from the rest, how can we expect the team to have the spirit to win. A championship team is not always determined by its record of wins and losses. It is determined by its drive to win and the spark of hope that keeps it fighting even when things look dark. A loss should increase, but never lessen, the backing a team must have.

The annual football banquet, January 22, 1954, at the Struthers High Cafereria was a big success. Lin Houston, tackle for the Cleveland Browns was honored guest and main speaker. Dave Stricklin was presented the Byron Pittman memorial award for being the most valuable player of the year. All the senior gridders received gold belt buckles from Barbara Douglas, president of the Fidelis Club.

Cheerleaders

Starting at top, clockwise: Elaine Pompoco, Harriet Timms, Frances Mingetti, Kathy Meehan, Carole Peters.

These girls which help cheer the Struthers High team on to victory are picked not only for their acrobatic ability but also for grades, neatness, and personality. They can be seen at all football and basketball games. They are in charge of all pep assemblies. No matter how far out of town the team goes, the cheerleaders go to help keep up the teams morale. Reserve cheerleaders travel with the junior high team.

Student Leaders

The student leaders are picked on the basis of good sportsmanship and grades. The girls assist Miss Alice Faust in refereeing games, keeping score, and taking attendance. They also teach others to be fair in all their games.

ALICE FAUST

The G.A.A. (Girls Athletic Association) is an organization composed of girls from the ninth to the twelfth grades. The primary interest of the group is to promote good sportsmanship and fair play among the students. The G.A.A. buys the trophies for all the girls' activities such as bowling, baseball, basketball, and others.

They sponsor the girls intramurals and no entrance fee is charged for the members of the G.A.A. Last year the G.A.A. purchased mirrors for the girls' gym lockers and their restrooms and curtains for the shower rooms. Miss Alice Faust is the sponsor.

Features

The best years of our lives are the years we spend in school. It is the years of studies and pleasures with others of our class that fill our lives with pleasant memories.

We have our fun in school, during football and basketball games, at dances at the Center, at snake dances through the streets, and at class activities, like skating parties at Kelly's and picnics at Mill Creek Park.

We even enjoy the times we happen to meet on the street, at the show, or in the halls. As a special feature we are presenting "The Best Looking" seniors on the opposite page.

Congratulations, Class of 1954!

We've come so far from the Little Red School. . .the place Grandpa left to go out into the world. The simple training that he acquired in that one-room building of long ago was SO vastly different from yours!

Education has leaped right along with the hurried advance of science and industry. . .and youth has discovered complexities early. . .so early that some of the most startling finds in the world of invention today have come from the minds of the very young.

Take the vast store of wisdom that these years of study have given you. Take it right on to new fields of knowledge. . .to college, to business, to the career you choose. Remember that most knowledge has been recorded in books. . .so continue to study, continue to work toward GREATER heights of perfection.

Our best wishes go with you all of the way!
